Work Experience

Front-End Developer Feb 2022 - May 2023

Kelechek Digital | Bishkek, Kyrgyzstan

- Utilize HTML, CSS, SASS, and JavaScript to build visually appealing and interactive websites, optimizing user experience and performance.
- Design and develop responsive landing pages and themes on CMS WordPress, achieving a high level of user engagement and satisfaction.

Front-End Developer Oct 2022 - 2023

Choyro | remote

The Kyrgyz Community Network Platform | Link: choyro.com

- Develop custom WordPress themes and plugins for clients in various industries.
- Collaborate with the design team to implement visual elements and create mockups and prototypes.
- Troubleshoot and debug any issues that arise during the development process.

Projects

Online TV (Pet Project)

Designed and developed a responsive website for an online TV using Pug, SCSS, and JavaScript. Link: bakai16.github.io/Online-TV/dist

Marvel information portal (Pet Project)

- Developed a dynamic and visually engaging Marvel information portal using React, Redux Toolkit, and SCSS technologies.
- Utilized APIs to gather and display up-to-date information on characters, comics, and movies within the Marvel universe Link: bakai16.github.io/Marvel

Education

University Sep 2020 - 2024

KSTU | Bishkek, Kyrgyzstan

Bachelor's Degree in Computer Science

Course May 2021 - Apr 2022

Jyldyz academy bootcamp

Successfully completed an intensive 12-month coding boot camp at Jyldyz academy, where I focused on front-end web development with HTML, CSS, JavaScript, and React.js. The program covered a range of topics including responsive web design, UI/UX design principles, and front-end development frameworks and libraries such as Bootstrap and jQuery. I also gained experience with version control using Git and GitHub, and learned how to work collaboratively with other developers on group projects.

Certificates

-Front End Web Development | Ultimate Guide ([Udemy](#))

-JavaScript ([Sololearn](#))
